Had a great time at EdTech Podcast Festival in London yesterday. Honored to join the panel to discuss how technology is changing the way we learn.

Thanks **Sophie Bailey** and the team for organizing such an amazing event! Look forward to connecting with more EdTech enthusiasts and practitioners in the UK and the wider Europe!

Increase teacher retention, follow @NewWaveEd's initiative to buddy up experienced teachers with teachers still early in their careers! That's an idea also recommended by @lucy_crehan in her fantastic book #Clevelands (available in @ShopWellcome at #edtechpodfest!) #livepodcast

So inspired after being at #edtechpodfest today. Keynote by @jesswade on polymaths my personal highlight, as well as hearing @MissKyrk talk so passionately & engaging about oracy. Thank you @soph_bailey for putting together a fab event! P.s. I will be buying an Inferior tshirt!

Proud moment yesterday. On stage at the @PodcastEdTech Festival, pitching to hugely influential judges about an idea that people are genuinely excited about - all in my son's name @Carters_Phonics. Now, excuse me while I return to planning for next week's lesson 🙄 #EdTechPodFest
